BUBBLE BILOU BILOU

by Sybille de Margerie for Promemoria

Bilou Bilou is a classic. Designed in 1999 by Romeo Sozzi, the chair is a wonder of design. Sybille de Margerie's Bubble Bilou Bilou is a wonderful reinterpretation. A very chatty chair, it invites people to engage in conversation. Luxurious materials and a touch of imagination provide the creation with all its meaning. In her interpretation of Bilou Bilou, de Margerie expresses highly refined and sensual elegance. promemoria.com

LOVE ME, LOVE ME NOT

by Wael Farran

A set of five tables to declare love. Made with black lacquered wood, silver and gold leave, ebony veneer, and palisander veneer, the tables stand alone or together to create an intimate space. Their hidden wheels allow for ease of movement, and the different heights accommodate all. How will you declare your love? wael Farran studio.com
